

**Wee Friends Preschool Class 4D  
November 2021**

Dear Parents,

We're off to a great start! We have a good routine going and the children seem to be enjoying our time spent together. It's a joy to watch this class interact with one another. Having a small group allows the kids to really get to know each other. This class can recognize their own name when they see it. This is exciting in the morning when we are giving out classroom jobs for the day. The letters that make up their name is so important for them to learn. We will be playing games to help recognize letters, numbers, shapes and colors. This group is doing good counting, some are counting way beyond 10! We've been talking about patterns and the kids get excited if they are wearing something that shows a pattern. Our mornings at school are getting cooler, it's a good idea to send your child to school with a jacket as we will continue to play outside for as long as we can. We sure have been blessed with some beautiful fall days. One of our younger classes will be joining us this year for our Thanksgiving feast. Our class will be pilgrims and the younger children will be the indians. This is always an exciting day!

**November**
