March 3, 2021

Dear Summer CLASP Families,

Registration is now open for Summer CLASP. We want you to be aware of the uncertainty of what the program will look like. Right now, we are planning for one trip a week, with swimming every other week at a private residence that has been made available to us. The weekly cost for this will be \$180/week. The days we are not on a trip there will be art and crafts, games, and special activity days planned.

If things open up and more options become available, we will resume our normal 2 field trips/week schedule and tuition will be \$190/week. We ask that you be patient with us as we continue to plan. We reserve the right to adjust tuition (either increase or decrease) as needed for the summer as our program may have to change depending on COVID.

As of now masking is absolutely still a requirement for staff AND children. As we did last summer there will be opportunity for the children to take a break from their masks, when appropriately socially distanced and for a short period of time. Because of the social distancing guidelines we must still follow, enrollment will be limited as we can only accommodate so many children in our space.

Registration will be on a first come first serve basis. For the month of March, we are only accepting full time care registrations. If you are interested in part time care and wish to send your registration now, we will hold on to it until April 1st.

Thank you for your understanding during this time. If any of you have questions or concerns do not hesitate to contact Tracy Frey or myself. Our information is listed below.

Sincerely,

A handwritten signature in black ink that reads "Aliza Krzynak". The signature is fluid and cursive, with the first name being the most prominent.
